

**§ 37.23 Special use permit.**

(a) Within 45 days, or sooner if practicable, of approving an exploration plan, or portion thereof, the Regional Director shall, unless prohibited by law, issue a special use permit to authorize the permittee to proceed with those exploratory activities described and approved in its exploration plan, or portion thereof, provided that the requirements of § 37.14(a) have been satisfied. The special use permit may contain such terms and conditions and may be amended from time to time as the Regional Director deems necessary and appropriate to carry out the Act and this part.

(b) Before issuing a special use permit to authorize exploration of lands within the coastal plain allotted pursuant to the Act of May 17, 1906, 34 Stat. 197, as amended by the Act of August 2, 1956, 70 Stat. 954, or on lands within the coastal plain the surface estate in which has been selected by or conveyed to the Kaktovik Inupiat Corporation pursuant to Sections 12 and 14 of the Alaska Native Claims Settlement Act, 85 Stat. 701 and 702, 43 U.S.C. 1611 and 1613, the Regional Director shall seek the views of the holder of such approved native allotment or the Corporation for the purpose of developing permit conditions designed to mitigate the effects of such exploration on its interests.

**§ 37.24 Plan of operation.**

Each approved exploration plan shall be supplemented by a written plan of operation for each fiscal year, or portions thereof, covered by the exploration plan. Each plan of operation shall specify the field operations for implementing that exploration plan during the year, or portions thereof, covered by the plan of operation. Each plan of operation shall be submitted to the Regional Director at least 30 days before field operations are to be commenced thereunder, except that any plan of operation supplementing a portion of an exploration plan that received expedited review and approval pursuant to § 37.21(c) shall be submitted 10 days before field operations are to be commenced thereunder. A plan of operation shall set forth such specific information as is required by the Regional

Director in determining whether the plan is consistent with the exploration plan to which it pertains and with this part. The permittee shall make such modifications in its plan of operation as are deemed at any time by the Regional Director to be necessary and appropriate to ensure such consistency. Reconsideration of the Regional Director's actions under this section may be obtained by employing the procedures described in § 37.22(c).

**§ 37.25 Revision.**

(a) A permittee may request the Regional Director for permission to revise its approved exploration plan. Until the Regional Director grants the permittee's request, no revision of its exploration plan shall be implemented. Such request shall be deemed to be granted on the 10th working day following its receipt unless the Regional Director denies the request; advises the permittee that the proposed revision is major and, therefore, must satisfy the publication and hearing requirements of § 37.22(b) before it can be acted upon; by timely written notice extends the period for considering the request; conditionally approves the proposed revision with such modifications as he stipulates are necessary and appropriate; or, unconditionally approves the proposed revision within a shorter period. No revision of an exploration plan shall be approved that is inconsistent with the Act or this part. Approval of any revision is subject to the conditions stated in § 37.22(d) to the extent that they are pertinent.

(b) Upon 10 working days advance notice to the Regional Director of its proposed revision, or within such lesser period as may be concurred in by the Regional Director, a permittee may implement a revision of its plan of operation, provided that such revision is consistent with the exploration plan to which the plan of operation pertains and this part. The Regional Director may require the permittee to defer, modify, or rescind such revision whenever he determines that such action is necessary and appropriate to ensure such consistency.
